

Gold Coast Professional Schools

Online Course System Requirements

Supported Devices

This online course is designed to run on iOS mobile devices, including iPad, in addition to personal computers.

- **Mobile devices:** There are many different mobile devices in the marketplace, and many have individual device-specific limitations. We cannot guarantee that the course will operate correctly on all mobile devices. Our online courses support the latest iOS (Apple) version.
- **Personal computers:** Our online courses support the latest Windows and Mac OS. For an optimum experience, please ensure that your operating system is updated. We cannot guarantee that older operating systems and older browser versions will operate correctly.

Please refer to the list of supported browsers below.

Supported Browsers

- **Windows:** [Google Chrome](#) (latest version), [Mozilla Firefox](#) (latest version)
- **Mac:** [Safari](#) (latest version), [Google Chrome](#) (latest version), [Mozilla Firefox](#) (latest version)
- **Microsoft Edge** (latest version) is supported with many courses, but not all. If you experience problems while taking your course on Edge, we suggest that you switch to one of the other supported browsers listed above.
- **Internet Explorer 11** (IE11) is no longer supported effective May 1, 2022.
