

Insurance Continuing Education

Gold Coast is South Florida's school of choice for insurance agent, adjuster, and customer representative continuing education (CE).

All agents and adjusters must complete 24 hours of approved CE by the end of their birth month, every 2 years. Individuals who have been licensed in Florida for 6 years or more, qualify for a reduction from 24 hours to 20 hours. Customer representatives are required to complete a total of 10 hours of approved CE by the end of their birth month, every 2 years.

Agents, adjusters, and customer representatives are required to complete a 5-hour Ethics & Law Update course as approved by DFS and specific to the license they hold.

A licensee who holds multiple insurance licenses must complete an update course that is specific to at least one of the licenses held. Except as otherwise specified by DFS, remaining required CE hours are elective and may consist of any course approved by the DFS under F.S. 626.2815.

It is the licensee's responsibility to enroll in the correct subjects and hours to comply with the Florida requirements. DFS rules prohibit receiving CE credit for the exact same course taken a second time within 24 months of the first attendance. To confirm your individual CE requirements, please visit myfloridacfo.com or contact DFS at (850) 413-3137. These courses have been approved by the DFS for insurance CE credit.

Step 1. Complete the 5-hour Ethics & Law Update course in your license category.
